Introduction

**Key stage 3 & 4 Scholarship
Enrichment and CAS
Programme**

Process for Application

Introduction

Aspen Heights Scholarship Programme is designed to recognise and foster excellence in the classroom, the sports field, and beyond.

Our bespoke programme aligns with our core value of personalisation, enabling our young people to explore their interests and talents, and harness exceptional potential in areas of strength.

Secondary Scholarship Enrichment and CAS Programme

Students enrolled on our scholarship programme will be given opportunities beyond the standard academic and CAS (Community, Activity and Service) offering.

Scholarship students will receive an enhanced enrichment programme, detailed below:

- Bespoke, 'invitation-only' access to visits, workshops, and lectures.
- An allocated learning mentor, and regular mentor meetings.
- Access to enhanced skill development workshops
- Out of hours cultural, sporting and academic events.
- Regular target reviews with relevant senior staff.
- Global Citizenship GCSE for Y10 & 11
- Y7, 8 & 9 personalised CAS provision 

A discount on school fees of 25% is applicable for the duration of the scholarship programme.

Secondary Scholarships

High Performing Academic Scholarships

Academic scholars should be able to demonstrate strong all-round academic performance across the core subjects, enabling them to think critically and problem solve.

Creative Arts Scholarships

Creative Arts scholars are expected to demonstrate artistic talent and creativity both at home and school. They should be able to showcase a range of work across their **discipline**

Sports Scholarships

Sports scholars should be reliable, committed, enthusiastic energetic sports people who may excel in one sport and are highly proficient in many sports

STEM Scholarships

STEM scholars should be inquisitive and curious about Science and Maths and be able to apply their scientific and mathematical skills and knowledge to creating inventions and solving problems

Supporting documentation to include at least one of the following:

- Cat4 report
- GL assessment report
- School Academic report
- Photographs or videos of sporting excellence
- Examples of creative artwork
- Examples of extended projects undertaken

Process for Application

STEP 1

Families complete an application form: [AHBS Scholarships 2024-2025](#) along with evidence to support the application.

STEP 2

Scholarship committee comprising Heads of School and ISP director of learning meet to shortlist.

STEP 3

Shortlisted candidates are invited to school for an interview and scholarship taster programme, which will include a variety of centre based assessments.

STEP 4

Submission of external examination results for IB scholars

STEP 5

Successful applicants will be notified when the scholarship window closes.
